## *Report of Reforestation Sub-Committee.*

---

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen: We, the Reforestation Sub-Committee, beg leave to report as follows:

On June 18th this Committee met the Township Councils of North and South Walsingham at Plot No. 7, Lot 18, Concession 6, South Walsingham, in regard to the closing of three roads now being used by the Public across this property. We found a very deep gully on the original road allowance on the townline road between the two Townships had been washed out for many years. The Councils of the two municipalities do not wish to open the original road allowance because of the expense in construction and maintenance of the fill.

Your Committee recommends that this Plot be fenced and that a road allowance 66 feet wide and approximately 35 rods long be given to the municipalities affected. That the two other roads now being used by the Public be closed and the original road allowance be planted next Spring.

All of which is respectfully submitted.

C. W. SLAGHT, Chairman.  
JAMES MOORE.

## *Report of the Good Roads Committee.*

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen: We, your Good Roads Committee, beg leave to report as follows:

The majority of the Road Work has been either completed or is under construction and all the D.S.T. and Retreatment has been completed. There is some gravelling still to be completed and at the present time we are working on the grade and gravel on Road 4, North of Maybee's Corner, and on cutting the Hill on Road 7, West of the Townline. The Road Committee decided, when the decision was made not to go ahead with the large job over Big Creek, to level the Hill to the East and also, if time permits, to grade and gravel Hill and Corner to the West. It will be at least a start on this piece of road when the large job is commenced.

The Committee has also checked over practically all the bad corners on the County Road System on the Black Top roads, and also roads getting ready for Black Top and if time permits intend to fix all of these. They are located as follows:

Misner or Butler Corner, Road 15, Woodhouse.

Parney Corner, Road 15, Townsend.

Boll's Corner, Road 2, Windham.

Walsh Corner, Road 27, Charlotteville.

2 Corners, Road 8, North and South of Langton.

1 Corner, Road 6, North of Houghton Centre.

2 Corners, Road 7, where Road crosses between 11th and 12th of North Walsingham.

We have completed the gravelling on Road 29. This means that the last piece of sand road on the County Road System is at least gravelled. After going over this, the Committee felt that Road 29, in addition to this piece, should have additional gravel on the sand, and if the Corner on Road 6 is straightened out and this gravel ready for Black Top for next year, it will go over the estimates. The Committee felt that it would be better to use the \$2,000.00 in the estimates for gravel on Road 9, West of Clear Creek, on Roads 6 and 29.

Arrangements have been made for the Crushed Stone for Road 9 to be shipped to Port Rowan. We expect to ship in approximately 70 cars this way.

Snow Plows have been ordered for both of the County

Trucks so that these will be ready for the first part of December.

We also recommend that the Financial Year for the County Council Road Committee be from December 16th to December 15th, so that the County Treasurer's books and statements will agree with the Road Books as the Road Books are governed by Provincial Legislation and run as above.

All of which is respectfully submitted.

B. W. WHITSIDE, Chairman.

PERCY L. BUCK.

ROBT. E. KELLY

## *Report of the Sub-Committee of the Industrial Home.*

---

To the Warden and Members of the County Council of the County of Norfolk:

Your Committee talked over with the Matron the question as to holding the Annual Banquet at the County Home in December. After it had been discussed from all angles, your Committee recommended that the Annual Banquet at the County Home be cancelled for the year 1940.

The Roadway leading to the Home and to the Supply Water Tank has been improved during the summer.

All of which is respectfully submitted.

JAMES MOORE, Chairman.

C. D. WOOLLEY.

C. W. SLAGHT.

## *Report of the Good Roads Committee.*

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen: We, your Good Roads Committee, beg leave to report as follows:

The Expenditures to December 1st, 1940, including Rebates to Towns and Villages, 2 new trucks, and Snow Plow for the Trucks, amount to \$140,904.29, leaving a balance of \$39,095.71.

The Snow Plows have been delivered and consequently the County now has available 4 Plows to use on the County Roads; also sand piles treated with Calcium have been placed at practically all necessary points in the County.

Due to weather conditions, we have been unable to complete some of the Corners that we expected to this year. It is also doubtful if the first mile on Road 4 will be completed as it might be best to leave the original road bed until Spring without disturbing.

Attached is a Road Mileage Sheet as at the end of 1940, showing a total mileage of 209.05 miles of which 154.75 is Black Top, and of the balance 21.7 is ready for Black Top in 1941, leaving a balance of 32.6 which is practically all gravel.

THE REPORT ON THE CHILDREN'S AID SOCIETY  
IS AS FOLLOWS:

From January 1st, 1940, to November 30th, 1940, 35 children were added to legal care and 43 were discharged, leaving 154 children at the end of that period. This compares with 164 in November, 1939, and 190 in November, 1938. This radical reduction carries out the promise made to this Council that the present policy and programme of the Children's Aid Society would ultimately reduce considerably the legal burden placed upon the County.

In the past four years there has been a reduction of 35% of actual wards. There is a real probability that this reduction will continue for some time.

This result has only been made possible by the Society's extensive work in assisting families whose children were in distress. The work of the Family Welfare Committee to which the County has in past years subscribed has been a large factor in making the reduction in wardships possible.

The Society completed 9 legal adoptions in the period under review. There were 7 permanent wardships completed, and 6 temporary wardships.

101 children were given medical examinations, 40 dental examinations, and 15 children attended Mental Health Clinic.

Several boys were placed on Probation to the Superintendent of the Society by the local Court. There is still a need for the Juvenile Court which has been previously recommended by the Society.

A total of 2,183 field visits and 1,244 office interviews were made during this same period.

The Family Welfare Committee of the Society rendered assistance to many families. This included payment of rent, the giving of material assistance, extension of medical care, supervision of schooling, and many other services.

The Warden and I have represented the County Council at the Children's Aid Board meetings throughout this period.

All of which is respectfully submitted.

A. A. FERRIS, Chairman.  
ROSS WILLIAMS.
